---

## PROFILE

Multidisciplinary full-stack developer with a passion for modern web design, applications, and user experience. Specialized in Next.js, Supabase, and TypeScript—combining backend logic with clean, scalable UI. I build products that are visually sharp and technically sound.

---

## SKILLS

**Frontend:** Next.js · React · SvelteKit · Tailwind CSS · JavaScript · TypeScript · Framer Motion

**Backend:** Supabase · PostgreSQL · REST APIs

**UI/Design:** Figma · Photoshop · Premiere Pro · shadcn/ui

**Tools:** Git · GitHub · Agile · SEO · Responsive Design

**Other:** Unity · Unreal Engine · i18n

**Languages:** Greek (Native) · English (C2 Proficient)

---

## EDUCATION

### Diploma in Multimedia, Web & Video Game Development

IEK AKMI, Thessaloniki

*Expected: September 2025*

### High School Diploma

4th General High School of Stavroupoli, Thessaloniki

*Graduated: June 2023*

---

## PROFESSIONAL EXPERIENCE

### Internship – Web Development Intern

*Thessaloniki | Oct 2024 – Mar 2025* - Developed responsive websites using WordPress and React - Built full-stack applications with Supabase and user role management - Implemented multilingual UI, dark mode, and mobile-first design - Collaborated using Git and agile methodology

---

## PROJECTS
