PROFESSIONAL PROFILE

Proactive and detail-oriented IT Technician with a strong foundation in software development, web design, and game development. Adept at leading projects, solving complex technical problems, and delivering high-quality solutions within tight deadlines. Eager to leverage my skills and passion for technology to contribute to innovative projects and drive organizational success.

WORK EXPERIENCE

Web Development Intern

October 1st 2024 - March 31st 2025

- Developed three custom WordPress sites with responsive design and custom functionality
- Built two modern websites (Argicon.gr and DesignDash.gr) for architecture and construction firms using Next.js, TypeScript, and TailwindCSS
- Created Proteas - a comprehensive warehouse management system for sports facilities with role-based access control, using Next.js, Supabase, and TypeScript
- Implemented responsive designs, multi-language support, and modern UI components across all projects
- Applied version control with Git and followed collaborative development workflows
